Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tales of Female Heroism In bringing together some traits of female heroism, the aim has been to show the fortitude and devotion of which women are capable, rather in a feminine and domestic aspect than a brilliant one, and to exhibit acts of courage and presence of mind in characters distinguished by their conscientious fulfilment of the quiet, unobtrusive duties of every-day life. Love of adventure, constitutional indifference to danger, and a consciousness of superior powers, have led women to the successful performance of many high and daring exploits; but it has been wished to prove that such constitutional peculiarities are not required to make a heroine; while the natural emotions of timidity and fear need be no hindrances to the development of true heroism. It only needs that the mind, trained and disciplined to obey the will, shall have force to overcome the weakness of the body; that, clear to see its duty, the heart shall be prompt, at any sacrifice, to perform it. Not that there shall be no natural fear or shrinking, but that the occasion shall be felt great enough to overcome them.
