Just to say Thank You for checking out this Book I want to give you a copy of my upcoming special report The Organic Gardeners Calendar: Monthly To-Dos for Beginner Gardeners. Vertical gardens open up the world of gardening to anyone who has a bare wall, or an empty corner. It means anyone, anywhere can grow fabulous organic fruits, vegetables, herbs, and decorative plants with only a few feet of space. You no longer need a farm, a yard, or even a couple of containers on the roof. As long as you have a vertical surface available and a little time and energy, you can create a vertical garden that defies your expectations. In Organic Vertical Gardening: The Beginners Guide to Growing More in Less Space multiple 1 Best Seller Gaia Rodale will give you a solid understanding of this type of gardening, why it is beneficial, and how it can be incorporated into an existing garden or landscape, or stand all on its own. You will discover great ideas for taking your garden to the vertical plane and an understanding of how plants climb and which plants are best suited to growing up. You will learn: The difference between vertical gardening and other gardening methods, and why this method can be your saving grace in small spaces How organic gardening and vertical gardening can work together, super important if you're planning on growing edibles The benefits of vertical gardening, it's not JUST about space saving The different ways plants climb, and how to train them to fit your gardening structure A wide range of options for vertical gardening structures, from trellises and teepees to arbors and pocket walls you can...
