GODFREY MORGAN: A CALIFORNIAN MYSTERY

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Godfrey Morgan: A Californian Mystery is an 1882 adventure novel by French writer Jules Verne. The novel tells of a wealthy young man, Godfrey Morgan who, with his deportment instructor, Professor T. Artelett, embark from San Francisco, California on a round-the-world ocean voyage. They are cast away on an uninhabited Pacific island where they must endure a series of adversities. Later they encounter an African slave, Carefinotu, brought to the island by cannibals. Although the setting is different, the robinsonade plot is a variation on the theme of rational self-sufficiency that Verne developed earlier in *The Mysterious Island* (1874). At the time of publication, it was common for a young man of wealth to undertake travel as an educational rite of passage, for example the California heir Leland Stanford, Jr. who took two European Grand Tours, one in 1880-81, and died on the second in 1884. The original French version of Verne's novel was published in 1882, after Stanford's first tour.
