Excerpt: .gives them such enormous advantages over their fellowmen, and are quick to denounce those who find fault with the system, as agitators, demagogues, socialists and what not. But calling names is poor argument, and will not avail a moment against a well defined policy backed by a solid economic principle. The people are becoming very tired and impatient. They have lost confidence in the two great parties, and from sheer desperation to obtain relief, have alternately punished them by overwhelming defeats. They are tired of promises and apologies; they want reform and they will have reform. CHAPTER V. We have thus far confined our remarks to the money question and the evils of interest, but the solution of the money problem involves the solution of the land question. Money and Land are the two economic factors for the use of which industrial effort is taxed. Money and the products of its function take their toll in interest, and land in rent. Thanks to the classical works of Mr. Henry George, very little if anything remains to be said on the land question that has not already been discussed with great eloquence and ability in his books. Up to a certain point, the private ownership of land might be indifferently defended on the plea of expediency, but when immense tracts of land are monopolized for speculative purposes and rent is charged as the price of idle possession, then such forestallment becomes a question of ethics....
