Wheeler and Erwin F. Smith, which was published in the tenth annual report of the State Horticultural Society, 1880. Some years since E.F. Smith was appointed by the Department of Agriculture a special agent to investigate the Peach Yellows. The loss of Dr. Smith's assistance in the preparation of this revision is deeply regretted. Much new matter is added in the introduction which, it is hoped, will make the work useful to agriculturists, horticulturists, and all persons interested in floriculture, forestry, etc. The catalogue proper has been revised and corrected as far as possible. With few exceptions, the sixth edition of Gray's Manual has been followed in the arrangement of orders and genera, and in nomenclature. We do not thereby wholly indorse the conservatism of that excellent work, but as this catalogue is prepared mainly for the use of those persons to whom Gray's Botany is perhaps the only accessible book on the subject, we feel justified in using it as a basis of nomenclature. A large majority of the plants admitted to this list have been collected by the compilers in different parts of the State during the past twenty-five years and, with very few exceptions, the name of no plant is published of which there is not an authentic specimen in some herbarium, public or private. A large number of species of...
