Reviews

The best book i actually go through. It can be full of wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Prof. Greg Herzog)

WHAT IS DISCOURSE ANALYSIS?

Bloomsbury Publishing PLC, United Kingdom, 2013. Paperback. Book Condition: New. 214 x 136 mm. Language: English . Brand New Book ***** Print on Demand *****. What is discourse analysis? is an accessible introduction to an empirical research approach which is widely used in the social sciences and related disciplines. This book explores the idea of how meaning is socially constructed and how talk and text can be interpreted. The challenges of discourse analysis are outlined as well as helpful ways to approach them - from finding the right starting point, processing and interpreting data through to building an argument. Discourse analysts work with language data, including talk, documents and broadcast material. Researchers in different traditions study interactions and social practices, meaning-making and larger meaning systems, and contests and conflicts around collective identities, social norms and subjectification. What is discourse analysis? addresses new researchers and other academics interested in language and its associated practices. The book outlines the history of discourse analysis, its key concepts and theorists, and its uses and challenges. Discussions of published studies illustrate the use of the approach to investigate a range of research topics, such as gender, health and national identities. The book also addresses the practical aspects of discourse analysis, providing clear guidance on data collection and data processing, including transcription and selection. Covering important topics, What is Discourse Analysis? draws from recent articles to show how discourse analysis works in action. Common questions about discourse analysis are also presented in a lively and accessible QA format. This book will be an essential resource for all researchers working with discourse analysis.
