FEDEX FREIGHT: BEYOND THE SURFACE (PAPERBACK)

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Here is a quick recap of the last year as a FedEx Freight employee, to which I will go into greater detail later in my book with facts, as well as some of the legalities to which employees have to deal with and the dead ends of dealing with the all mighty corporate America. Here goes. a quick summary of the last year with FedEx freight from the last year. On Sept. 29, 2013 I was still trying to recover from an on the job injury from April 2012. Why was I not healed? Because FedEx freight is self-insured and they would rather pay huge money to prove you fine, instead of having you fixed. I was forced to go in for 3 independent medical exams. These exams cost between \$800.00 and \$1000.00 per visit and they try to prove you are fine to return to your regular work. February of 2014, FedEx Freight shut off my partial time loss and congratulations! You re fine; you need to go back to work. Well, I really never was fine. I basically had a really crappy lawyer that does not litigate workers comp claims. So guess what? You go back to work. So, March 2014, I go back to regular duty with a permanent condition that is disabling at times and causes me problems with normal functions of life. So in March, I sit down with the regional HR adviser and she sits down with me to start down the path of no positive results. This would be the reasonable accommodation process, as she called it, and she knows who I m talking about. Well then, moving right along, I requested reasonable accommodation, not once...
