It would certainly help a girl who wished later to become a practical nurse and might even provide her with an immediate vocation. One doctor went as far as to say that this work should be required of every girl in high school; and another, that if such a course was introduced as the result of this Survey, it alone would be worth to the city the cost of making the whole Survey. Investigation shows that some of this work is already being taught in the high school. In the Domestic Science course we already find such subjects given as cooking, the composition and value of foods in the diet, balanced rations, hygiene, including simple work in anatomy and personal, home and public sanitation; bacteriology with some description of diseases and emergency measures. At present all...
